Coach's Summary

We put a women's team on the water for 5 regattas!!! 5 times we had teams in all 3 premier category A s!!! 7 times we had teams in the A for all the events we entered!!! 8 if you include the twilight!!! Many of our 4th place results were barely by a whisker.

We failed to get a team into the A s only once all year (the Open team at Roseville)!!! AND ... **we finished on the podium 8 times!!!**

!!! INCREDIBLE !!!

This really was an incredible season. The best season for the Mavericks since we last dominated the sport about 11 or 12 years ago (before my time). There isn't much else to say except that this is definitely something worth being very proud of. Thank you each and every one of you for making this such a successful season. It makes me feel humble to be part of such a great team.
